Because they can't, they won't, and they don't stop...

Fresh collab tune forthcoming on Mainframe Recordings sees DisasZt's sense for raw impact and Erb N Dub's rather playful approach to the rinse-out business come together in a perfect blend.

Hailing from Brighton, **Erb N Dub** has become a staple in the UK Drum & Bass scene, with releases on *RAM*, *Technique* and *Playaz*, remixes for *DJ Fresh*, *Foreign Beggars* and, not least, his recent joint with *Krafty Kuts* alongside *Harry Shotta*, which earned him heavy rotation on *BBC Radio 1*.

Likewise, Vienna's **DisasZt**, the man behind Mainframe Recordings and one of Europe's largest recurring event series under the same brand, can't exactly complain about a lack of airplay these days. With decent tunes such as 'Vogue' on *Viper*, and 'I Got U' (in collaboration with Brazil's *Alibi*) on *V Recordings*, he has recently surprised his followers by bringing deep vibes and melodic sweetness to the table. On '**Stop**', he now recollects the tried-and-true heavyweight formula he is known and loved for.

Dark and doomy all the way, meandering synth lines and bleepy signals pile up into a throbbing wall of sound, subsequently being riddled by percussive drumfire and chain punch bass hits. Armed with some extra nasty Rave stabs and bass sweeps engaging in call-and-response with that notorious *Beastie Boys* sample, DisasZt and Erb N Dub are definitely *rockin' the sure shot* on this one.
