2013 Starts Big!!

Don Ranking & UKs Nr.1 Reggae Artist Gappy Ranks joined forces!

It took a while for **Don Ranking to sort out Gappy Ranks** with his latest raw instrumentals. But like anything alive, good music needs time to grow...

When Gappy Ranks finally had an earful of these selected riddims, a booming “**Let`s goooo**” found it`s way to Don Rankings phone. **Gappy lost no time to deliver** and laid down a slew of **killer vocaltakes** for the rankingreggae.com camp!

He even took the riddims to **his live band**, to perform the songs on his **world-tour in 2012**.

“**What it takes to be a Rasta**” is a deep roots **reggae anthmen**, coming strong in two different versions (plus the Dub Mixes). This is the **first result** of this amazing cooperation between **Don Ranking & Gappy Ranks**.

About Gappy Ranks:

first.. there is too much to tell about him!

Gappy Ranks born and grown in Harlesden NW10. Father Jamaican, Mother Dominican, a good combination like Rice & Peas. Early support and recognition of this rising young talent who had made his studio debut with the Ruff Cutt band at age 11 came from local sound system operators and pirate radio stations and soon led to his link up and studio baptism with Stonebridge stars Suncycle Crew.

The embers were soon burning and the young artist next landed a series of killer link ups with the likes of Kray Twinz, Twista and MC Lethal B. It was his initial hit for the legendary Peckings crew “Mountain Top” that really lit the blue touch paper and when the follow up “Heaven In My Eyes” bust Internationally Gappy found himself in the driving seat of an unstoppable rocket to stardom.
